DETAILED ACTION

Claim Rejections - 35 USC § 112 and 35 USC § 101

1. ^{9 uel 12/31/97} Claims 1-8 are rejected under 35 U.S.C. 101 because the claimed invention, sustainable, non surgical breast augmentation through cocoa butter and Vitamin E is not supported by either a credible asserted utility or a well established utility.

Applicant's assertion of specific credible utility is not considered credible. One of ordinary skill in the art would not find applicant's assertion of utility credible because applicant has not offered any statistically significant evidence to prove such.

^{9 uel 12/31/97} Claims 1-8 are also rejected under 35 U.S.C. 112, first paragraph. Specifically, since the claimed invention is not supported by either a credible asserted utility or a well established utility for the reasons set forth above, one skilled in the art clearly would not know how to use the claimed invention and would not find applicant's assertion of utility credible because applicant has not offered any statistically significant evidence to prove such as stated previously.

2. Examiner was unable to contact the web site for "African Medicines Formulary; Vitamins." It is requested that applicant confirm that web site is still active and open.
3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kelly O'Hara whose telephone number is (703) 308-0780 and facsimile number is (703) 308-3139.
